

Calli

is a delicious whole food beverage concentrated from several pounds of exotic herbs down to one pound of herbal nectar sprayed onto Camellia carrier leaves (green tea and black tea). Green tea is good prevention for cancer and heart problems. Calli has no caffeine effect. It enhances the removal of toxins and wastes, as well as by-products resulting from normal digestion. Full of plant nutrients, flavonoids, catechins and strong anti-oxidants, **Calli is formulated to nourish the body's ability to cleanse the blood and cells.**

Directions for use:

Steep 1 tea bag in 4 cups of hot (**not boiling**) water for approx. 5 minutes.

To lessen the cleansing effect due to the toxicity of the body, you may choose to prepare Calli with up to 1 bag/8 cups of water. Purified or distilled water is best for preparing Calli. The purer the water the fewer residues there will appear on top.

Flavors:

Mint - green package

Cinnamon - red package

Regular - orange package

Calli Night - blue package (1 bag for 1 cup)

For chelation therapy, drink 1 Calli bag/1 cup of water.

Ingredients: Camellia Leaf, Perilla Leaf, Mori Bark Extract, Alisma Root Extract, Imperate Root Extract, Imperate Root

Fortune Delight

is a delightful **instant, alkaline beverage that nourishes the digestive system, fat flushing, refreshes and restores.** FD is not just chopped up plant parts, but concentrated "vegetable soup" from many specially-formulated herbs including Camellia (green tea) Extract. Fortune Delight assists the body's natural elimination processes, helping to remove impurities that may be stored in fat cells. **Fortune Delight moves out the fat!! It also breaks up lactic acid in the muscles.**

Fortune Delight:

- Promotes assimilation of food
- Includes electrolytes (minerals) for energy
- Quenches thirst- "wetter than water"
- Counters Candida growth
- Effective against parasites
- Promotes alkaline pH
- Provides anti-oxidants to fight free radicals
- Replaces water with added nutrition

Directions for use: Add 1 packet to 2 - 4 cups of hot or cold water (dissolves easily in small amount of warm water and then add cold water)

Flavors:

Lemon - yellow package

Cinnamon - red package

Peach - pink package

Raspberry - fuchsia package

Regular - brown package

Ingredients: Camellia Extract, Lemon Extract, Chrysanthemum Extract, Jasmine Extract, Imperate Root

Sunny Dew

is a nutritious, whole food combination of Stevia and Chrysanthemum Flower. It is a clear liquid and has a delicious, sweet taste. Stevia has been used for hundreds of years as a sweetener in South America and now is also used extensively in Japan where it is put in everything from soft drinks to soy sauce.

Sunny Dew helps maintain normal blood sugar levels in healthy individuals. **It helps the body burn more sugar, converting glucose to energy, assisting weight loss.** Adding Sunny Dew to your Sunrider beverages will triple the benefits.

Sunny Dew nourishes the liver, pancreas, adrenals and digestive system. It does not promote tooth decay. It also helps relieve mental, emotional and physical fatigue. Chrysanthemum flower is very calming and anti-inflammatory.

Sunny Dew is very nourishing, balancing and healing. It is also anti-fungal and antibacterial. It makes a healthful alternative to sugar and artificial chemical sweeteners. Sunny Dew is very healing used externally for topical application; good to use on cuts, scratches and any skin disorder.

SunnyDew is delicious added to Calli & Fortune Delight. SunnyDew is also great for cooking, canning and baking.

Ingredients: Stevia, Chrysanthemum Flower (called Suncare Plus in Canada)

The Sunrider Difference

The difference between traditional forms of black and green tea and Calli and Fortune Delight are:

- ♦ Calli and Fortune Delight are concentrated. It would be difficult to drink enough black and green tea to actually enjoy the preventative benefits of catechins. However, Calli and Fortune Delight are concentrated, thus making the catechins strong anti-oxidants.
- ♦ Calli and Fortune Delight have minor amounts of caffeine (about what you would obtain from a piece of chocolate cake), while black and green tea are typically much higher.
- ♦ Calli and Fortune Delight have other herbs added to the combination for their cleansing benefits and phytonutrient qualities, while green and black tea is from one herb.
- ♦ Calli is a great replacement for coffee and regular tea. Fortune Delight is a delicious replacement for sugary juices, colas and pop. Replace sugar and artificial sweeteners with SunnyDew for delicious taste and added benefits. **Consistency is important...You won't want to miss a day.**

Who's Drinking Sunrider?

Sharon Stone, in an interview with Harpers Bazaar Magazine (Oct.2007) said, "I'm a tea fanatic. I like **Sunrider Calli Tea, an herbal cleansing tea.**"

http://www.diana2.com/Calli_Sharon_Stone.html

You don't **have** to be famous to drink Calli and Fortune Delight, but you will feel like a **million bucks** when you switch from whatever you are presently drinking to a Sunrider beverage. Here are what other less famous Sunriders have said:

▶ "I love Calli, because I can sleep peacefully as my body cleans and regenerates. I love Calli, because when I'm tired, I know my blood is dirty and it helps to clean up the blood and I have more energy. Dirty blood makes one sleepy! It gives me more mental clarity! I love Calli because it helps me stay clean inside! I love Calli and drink 8-10 glasses a day!"

▶ "We've had 20 cup-a-day coffee drinkers off their coffee in just a few days without the horrendous side effects because the body is ridding itself of that stored caffeine and its negative effects on the body."
